Permission Sets

Enter permission set information

Label custom object access

API Name custom_object_access

Description

Session Activation Required ☐

Select the type of users who will use this permission set

Who will use this permission set?

- Choose "--None--" if you plan to assign this permission set to multiple users with different user and permission set licenses.
- Choose a specific user license if you want users with only one license type to use this permission set.
- Choose a specific permission set license if you want this permission set license auto-assigned with the permission set.

Not sure what a permission set license is? [Learn more here](#)

License

--None--
